Not on direct deposit? Ready to make the switch?

Direct deposit means getting your money back faster (every two weeks versus every four weeks via cheque). It also means not having to wait in line at the bank.

Not sure direct deposit is right for you? Consider this:

- Your payments are set up with advanced security measures to protect your banking information
- Funds will never be withdrawn from your account
- If you have more than one location, each office can receive separate payments

Cheque payments are made every four weeks
